

Somerset Community Oil Scheme

Join now and save money on your heating oil and your membership.

The warmth of summer is on its way and a great time to think about saving money on your heating oil. Heating oil users can maximise their savings by purchasing oil in the summer months when the price of heating oil is at its lowest. Our price for May 2014 was 50.25ppl, saving a huge 8.00ppl against the on-the-day average price, and Summer hasn't arrived yet.

Check out our website for more information: www.somsetrcc.org.uk/oil

For the small annual subscription of £20 (domestic users) you can become a member and save on average 4.56ppl through the Somerset Community Oil Scheme.

What's the snag?

There isn't one! The Community Council for Somerset (CCS) is a long established and well respected Somerset based charity. Our aim is make oil prices more affordable for Somerset residents whose fuel costs are high simply because they use oil-fired central heating.

Still not sure?

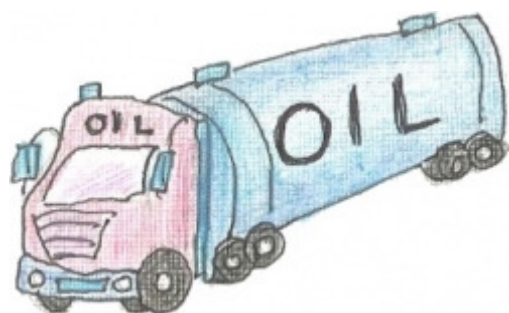

If we haven't convinced you yet, then check out the prices we've been able to negotiate for our members so far. Can you afford **not** to be a member?
